ORAL HEALTH FOR LIFE

## Infection Control Practices for the Dental Practice of Dr. Robert Yee

Your safety and health are paramount to us.

Infection control has always been a top priority in our practice. We want our office to be a safe environment for our patients and staff.

Our practice follows infection control guidelines made by the California Dental Association, the U.S. Centers for Disease Control and Prevention, the California Department of Public Health, the Dental Board of California, and the Occupational Safety and Health Administration. We closely follow the activities of these agencies so that we stay up to date on any new rulings or guidance that may be issued.

The following protocols are in place to ensure a safe dental visit:

- Our office will communicate with you within 24 hours of your appointment time. If you are experiencing any Covid-19 symptoms, you will be asked to stay home and contact the office.
- When you arrive for your appointment, you will have the choice of waiting in your car or in our waiting room.
- We request that you limit the number of visitors to only those people necessary for the appointment.
- Face masks or coverings are required at all times when not in the operatory.
- Hand sanitizer will be available at multiple places in the office.
- Air filtration systems utilizing HEPA filtration with UV-C lights in the treatment rooms, waiting room and hallway will remain in use.
- Standard precaution infection control procedures involving the sterilization of instruments, disinfection of surfaces with hospital grade disinfectant, work practices, and use of barriers will be adhered to by all staff members and doctors.
- Protective equipment appropriate to procedures and type of appointment will be utilized by all staff members and doctors.
- If aerosol-generating procedures are performed, high evacuation suction and isolation devices will be utilized to minimize droplet dispersion.

We look forward to seeing you soon and want you to know that we'll do everything possible to keep you safe and make you feel welcome when you come to our practice. Should you have any questions or concerns, please reach out to our office at [info@robertyeedds.com](mailto:info@robertyeedds.com).

Sincerely,

Robert Yee, DDS
